SUN BROTHERS CIRCUS

Despite the pouring rain yesterday morning and up to 3 o'clock in the afternoon, there were several thousand people in Maysville to attend Sun Brothers' Circus, which pitched its large and new tents in the West end of the Ball Park in East Second street.

Sun Brothers' Circus is one of the growing road shows of the country, and one is surprised to note the development and the growth of this amusement caravansary during the brief years of its existence. From a straggling aggregation of a half dozen features, it is now one of the truly "Big Tops" of the road and is a real railroad show with its own special train. The best part of it all is that everything is on quite a large scale and is all new from ticket wagon to main tent, the latter being the finest canvas roof and one of the most spacious seen in Maysville for a number of years.

Sun Brothers offer this season a program of most excellent acts, with many real and genuine novelties in the trained animal line. The performing elephants are a special feature, and it is said that they are among the best educated today in America. No graft games, fakers or immoral issues are tolerated about the show, nor are any camp followers allowed to trail in the wake of the show.

Today the show will exhibit at Lexington, where they appear under the immediate direction of the Elks Lodge of that city in a "Society Circus."

APPALACHIAN EXPOSITION SURPASSES EXPECTATION

Wright Brothers Aeroplane Flights Among Features For Coming Week

"BATTLE OF THE CLOUDS"

Unsurpassed Pyrotechnic Spectacle Arranged—Magnificent Exhibits

KNOXVILLE, TENN., September 19th—Success surpassing the most sanguine anticipations of the promoters has been achieved by the Appalachian Exposition during its first week.

The great enterprise, the largest and most comprehensive ever presented in the South, opened its gates last Monday at noon, with every detail complete. This fact alone made the Appalachian Exposition an exception in the history of great fairs, and is largely responsible for the degree of pleasure the thousands of visitors within its gates have attained.

EXHIBITS OF INTEREST.

The exhibition buildings, which are magnificent testimonials of the commercial, industrial and social achievements of the Appalachian region, are being visited by thousands daily. The exhibits are very representative, and even local people have marveled at their completeness and at the character of the great resources of this section, as set out therein. The Federal Government's exhibit is particularly creditable, and has never been equaled at a Southern Exposition of any character. The minerals and forestry displays set forth the rich possessions of this region in that class. The live stock exhibits present the best of Appalachian cattle and horses, etc. The Negro building is an embodiment of the progress the colored race is making. The Woman's building offers displays of the feminine handiwork of the great Appalachian country, and is likewise the social center of the Exposition. These buildings are open to all, free of cost.

The railroads report that traffic has been heavy during the first week of the Exposition. They have put on additional trains, and have also augmented their equipment on regular trains, so that all Exposition travel will be adequately handled. The local hotels, boarding and apartment houses and private homes are equal to the task of housing and feeding the thousands of visitors, this being due largely to the efficiency of the public comfort depart-

ment of the Exposition, which has listed over 10,000 beds for each night of the Exposition. The street railway and shuttle train facilities are up to the demands for transporting people to and from the Exposition grounds. In fact every detail has been carefully studied, with a view to making the Exposition thorough and pleasing and altogether agreeable to visitors.

A fool there was, and he made his prayer,
(Even as you and I.)
To a rag and several banks of hair.
(Goodness knows what she wouldn't wear)
But the fool he called her his lady fair,
(Even as you and I.)

O, the jeers we waste, and the tears we waste,
And the evil things we've said,
Are lost on the woman who does not know
(And like as not will never know)
What to wear upon her head.

The fool was frequently horrified,
(Even as you and I.)
A hunk of hair with a head inside.
(She called a van when she had it dyed)
Was all that he had for his homie bride,
(Even as you and I.)

But it isn't the hanks or the woman's pranks
Would win him his decree
If he had the hardihood to sue.
The point is that she never knew
(As a matter of fact, they never do)
Whose hair it used to be.

NOTICE TO THE PUBLIC

This is the Last Week of the Ohio Valley Oil and Gas Company's Special Offer

The books of subscription to stock in the Ohio Valley Oil and Gas Company will close Saturday night, September 24th. This is the last week that shares of stock will be sold at the low price the stock is offered to the syndicate, viz., 3,250 shares for \$100.

After this week the shares will not be sold for less than 25 cents each for Treasury stock and no further extensions will be granted after Saturday night, as the books will positively be closed and the stock all subscribed, so that operations may begin and the work of boring for oil and gas started.

The indications are flattering that there is an abundance of both oil and gas in this territory, as this Company has 20,000 acres leased in this and adjoining counties.

Thirty-eight hundred dollars of the necessary \$5,000 worth of paid-up stock in this million-share Company has been already subscribed for, and the men behind the proposition mean

business and are fully able to answer all questions and criticism concerning the whole matter.

See A. D. Cole, Harry Furnell or any member of the Company in Maysville.

A WEAK WOMAN AND HER STORY

In Floral, Ark., Lives a Lady Who Feels That Her Strength Was Restored by Cardui.

Floral, Ark.—"I must speak a good word for Cardui," writes Mrs. Viola Baker, of this place.

"About a month ago I was in very bad health. I was so weak and nervous that I was not able to do my housework.

"My husband bought me one bottle of Cardui, the woman's tonic. I took it according to directions and now I am in good health.

"I think Cardui is a fine tonic for weak women."

And you are not the only lady who thinks so, Mrs. Baker.

Thousands, like you, have written to tell of the wonderful benefit Cardui has been to them.

Cardui contains no minerals, or other powerful drugs. It contains no glycerin or other mawkish-tasting ingredients.

It is just a pure, natural extract, of natural vegetable herbs, that have been found to regulate the womanly functions and strengthen the female system.

All druggists sell Cardui.

See yours about it.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which are remote from the stomach, but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on cathartics, purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowels muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That will be this M. G. Y. Remedy of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O. To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty-cent or one-dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. R. Caldwell, R. 507 Caldwell building, Monticello, Ill.

For Bald Heads A Treatment That Costs Nothing if it Fails

I want you to try three large bottles of Rexall "93" Hair Tonic on my personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of my faith in this remedy, and it should indisputably demonstrate that I know what I am talking about when I say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, I am basing my statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and I have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on my liberal guarantee. Two sizes, 50c and \$1. Remember, you can obtain Rexall Remedies in this community only at my store—The Rexall Store. Thos. J. Chenoweth, corner Second and Sutton streets, Maysville, Ky.

Gas Light Talks—No. 8.

As to Profits.

A public service corporation is entitled to live: This is to say, it is entitled to a fair return on its investment.

And, in those States where Public Service Commissions exist, it is conceded by the commissions that six per cent. is a fair return.

Now, let us look into this matter a little.

You read of a private corporation doing a big business and declaring dividends of ten, twenty and even thirty per cent. and what do you say? Why, you say:—

"Fine! GREAT! IMMENSE!!"

And then, if you have any money that isn't working, and conditions are favorable, you set about acquiring some stock in that particular company, so that you can share in those big dividends. That's good business.

BUT—and that's a very big BUT—

If you should hear that a public service corporation is making even six per cent., do you hail its managers as good business men and hurrah for the general prosperity of the country? You do not.

You denounce the company and everybody connected with it as highway robbers and worse.

And most of the time you do this on general principles, never stopping to find out if the company is making or losing money.

And yet, the company is supplying you with absolute necessities, as modern conditions go. We have explained why it is bound to give as good and as cheap service as possible. Put yourself in its place, and think it over.

This company has not earned six per cent. in over fifteen years. As we told you yesterday, it has not paid a dividend in fifteen years and every cent of the earnings went, as they have for years gone, into the improvement of the property and service. The service to YOU.

These statements can be verified. They are filed with the State Auditor and are public property.

Would you do business on a margin of six per cent. or less, and then spend the entire earnings for improvements?

Think it over.
